

THE MIRACLE OF SCIENCE

- 45 minute Presentation consists of 10 Super Cool Experiments, using Liquid Nitrogen (-320 degrees!), Dry Ice, and Many Dramatic Chemical Reactions!

COOL Family Science Night

WHERE: _____ Elementary

DATE: _____

TIME: _____ FREE ADMISSION!

Come join in the FUN! Watch us:

- Create a large, exciting THUNDER CLOUD (picture on top-right)
- Shatter a carnation into a thousand pieces
- Shoot soap suds to the ceiling • Shatter a ball with Liquid Nitrogen.
- Make Snow (picture on bottom-right)
- Make a sheet of paper disappear before your eyes (Vaporize stuff!!)
- Make homemade "Flubber/Slime" (picture on lower left)
- Change air to a liquid, so you can SEE air ... And many, many more.

\$1 & \$3 Science Kits
will be available
for purchase.
