

Solids, Liquids, and Gasses

Name: _____ Date: _____

DANCING RAISINS

HYPOTHESIS

Raisins are heavy enough to sink if you put them in water. What do you think will happen if you put them in soda?

MATERIALS

1 Clear Glass
6-8 Raisins
Clear Soda

PROCEDURE

1. Fill the glass half way with soda. Put in the raisins.
2. Wait 10-15 minutes. What happens?

3. What matter do you observe that is a:

Solid? _____

Liquid? _____

Gas? _____

CONCLUSION

How do you explain why the raisins are dancing?
